

Introducing Flex02

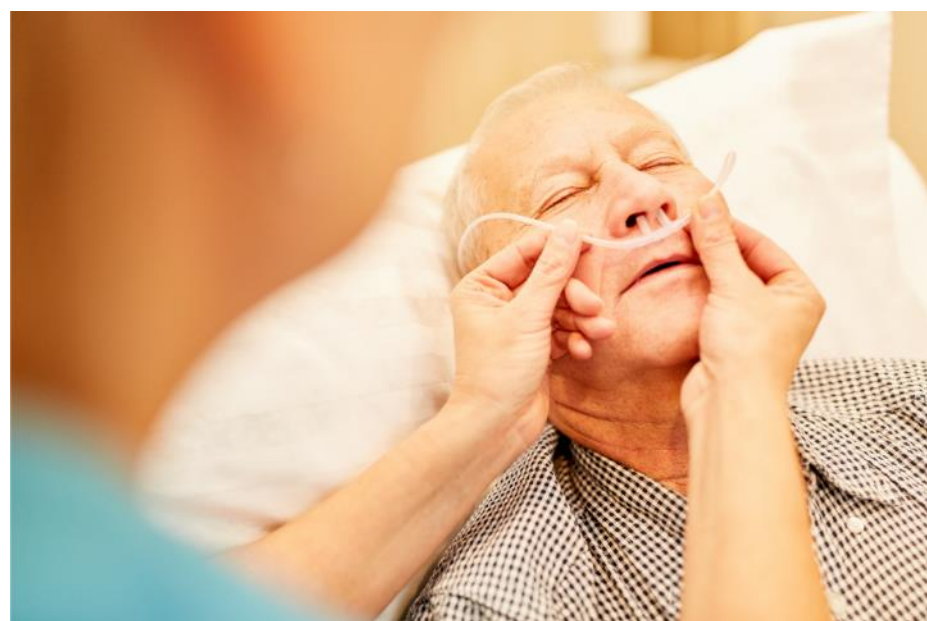

A revolutionary innovation in the
management of respiratory conditions

FLEX / 02

The challenge

- Pulmonary fibrosis, Lung cancer, COPD, relative caregiver

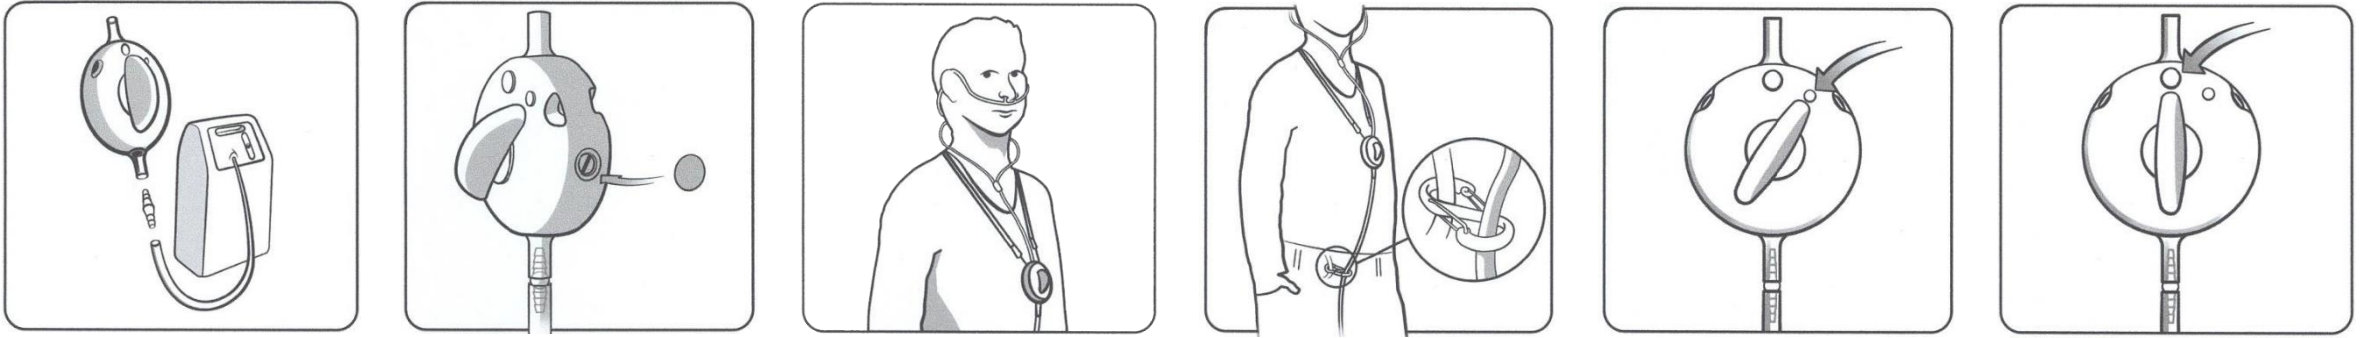

The solution

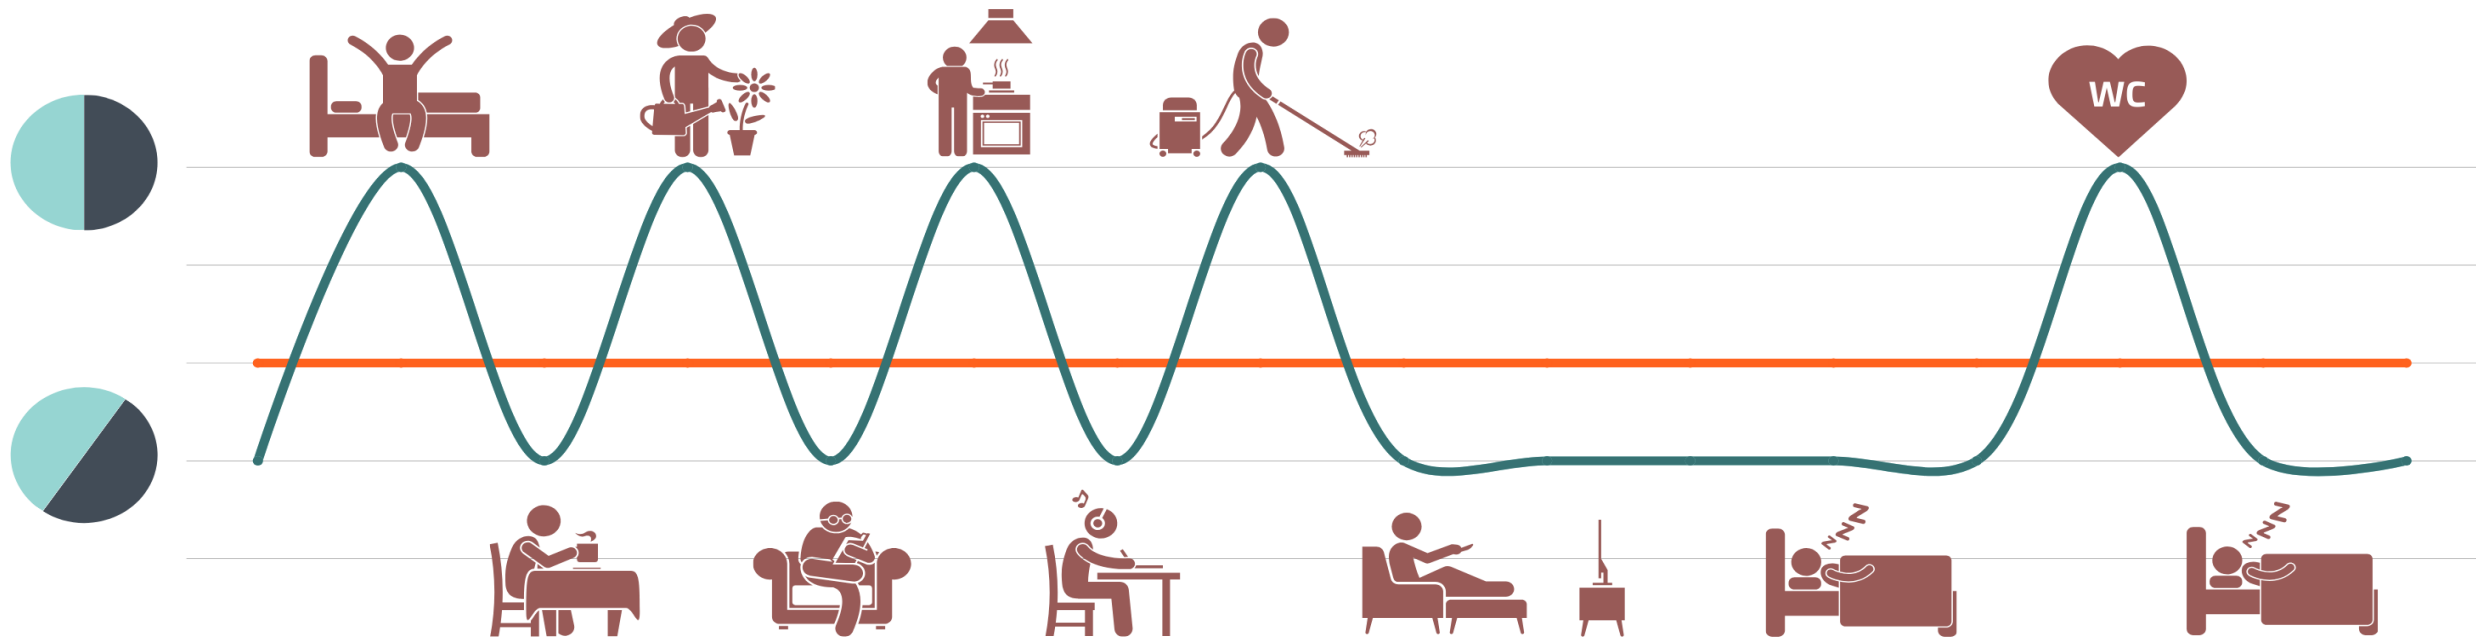

FLEX 02

How does it work?

- Seamless switching between two oxygen settings
- Optimized oxygen calibration enhances mobility
- New device every 2 months

How does it work?

— With FlexO2

— Without FlexO2

FLEX  02

Technology you can trust

MADE IN SWEDEN

The life-changing device was developed based on the specific needs of healthcare providers by award-winning innovators with proven experience in medical technology and product development.

Innovated and produced in Sweden

- EN ISO 13485:16
- Medical Device Directory MDD class 2a 93/42/EEC
- CE-Marked
- Patented
- Clinically approved
- In process for MDR

History Timeline

Idea
2015

Idea is born

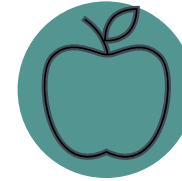

Start Clinical trial
2017

Karolinska Institute

Proof of concept
2017

First sold FlexO2

Clinical trial Success
2025

Karolinska Institute Clinical
trial finalized

Clinical study

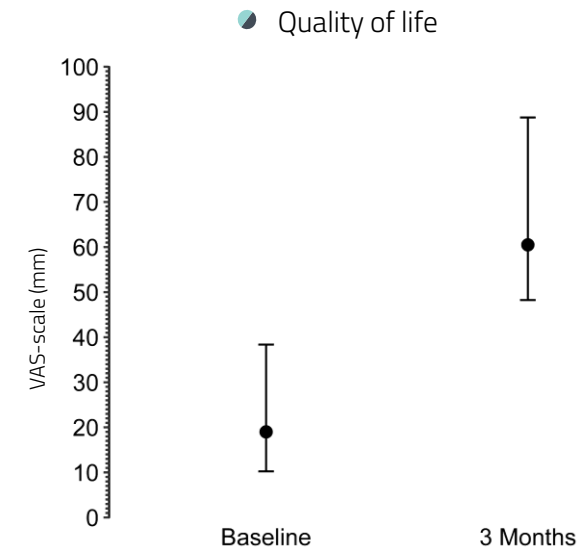

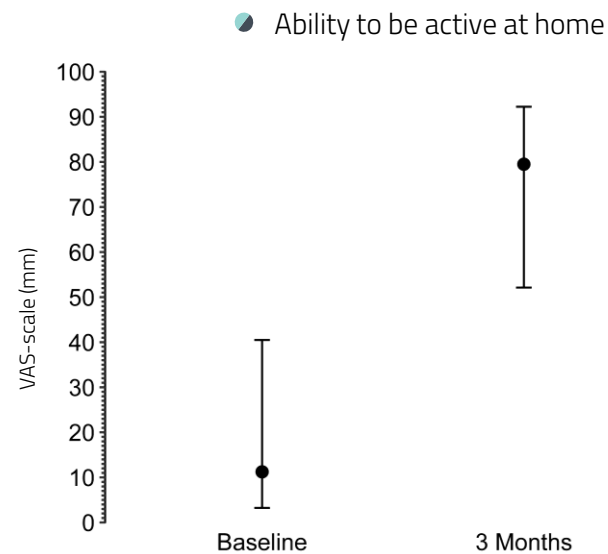

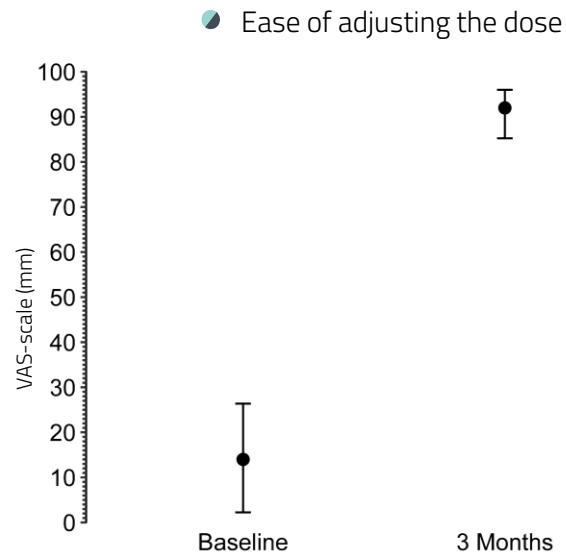

3 months with Flex O2- Published in June!

Department of pulmonary medicine, Karolinska Hospital

3 of 4 primary results.

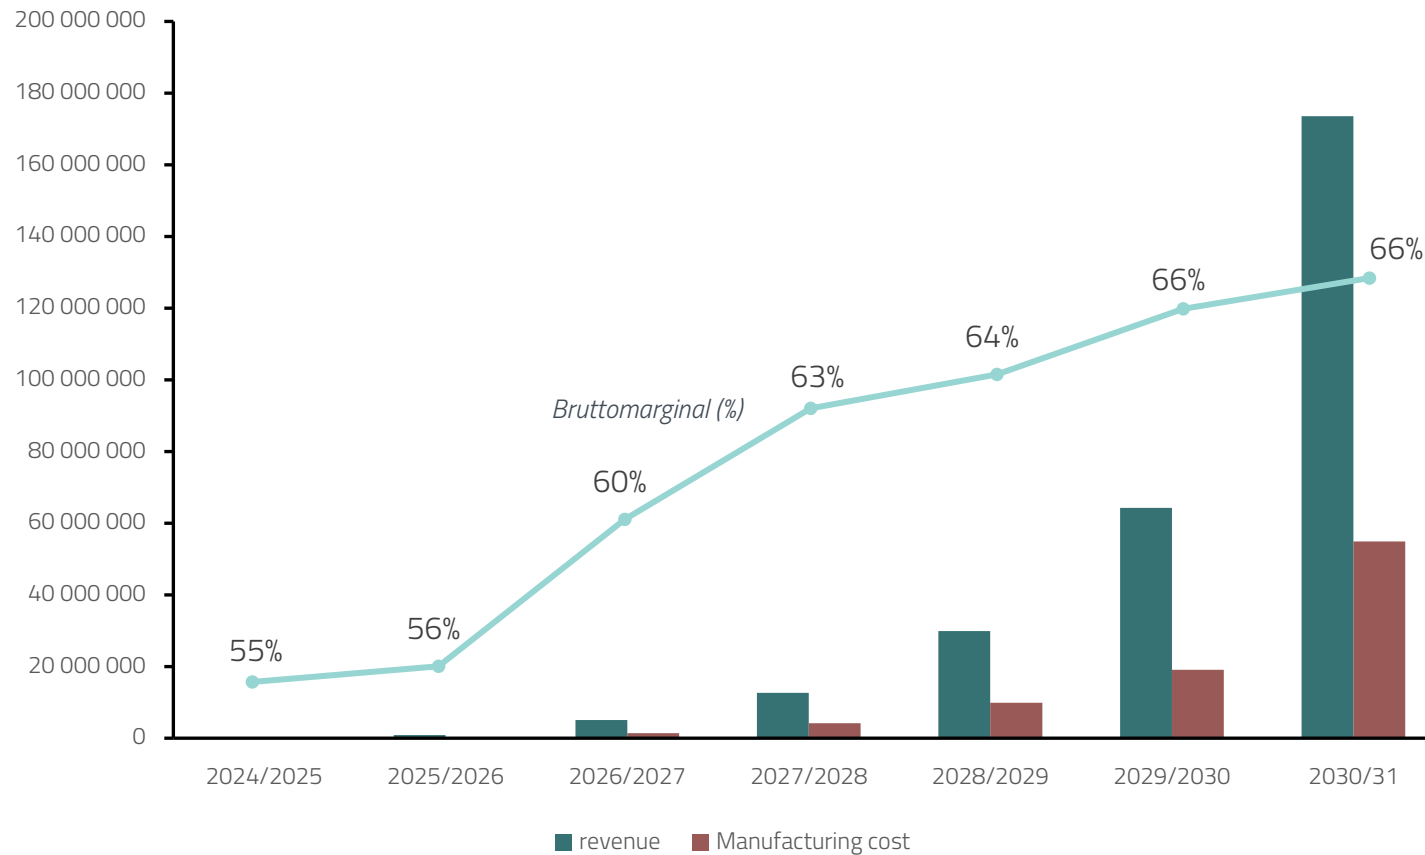

Baseline: At least 6 months of regular LTOT use

3 months: 3 months using FlexO2

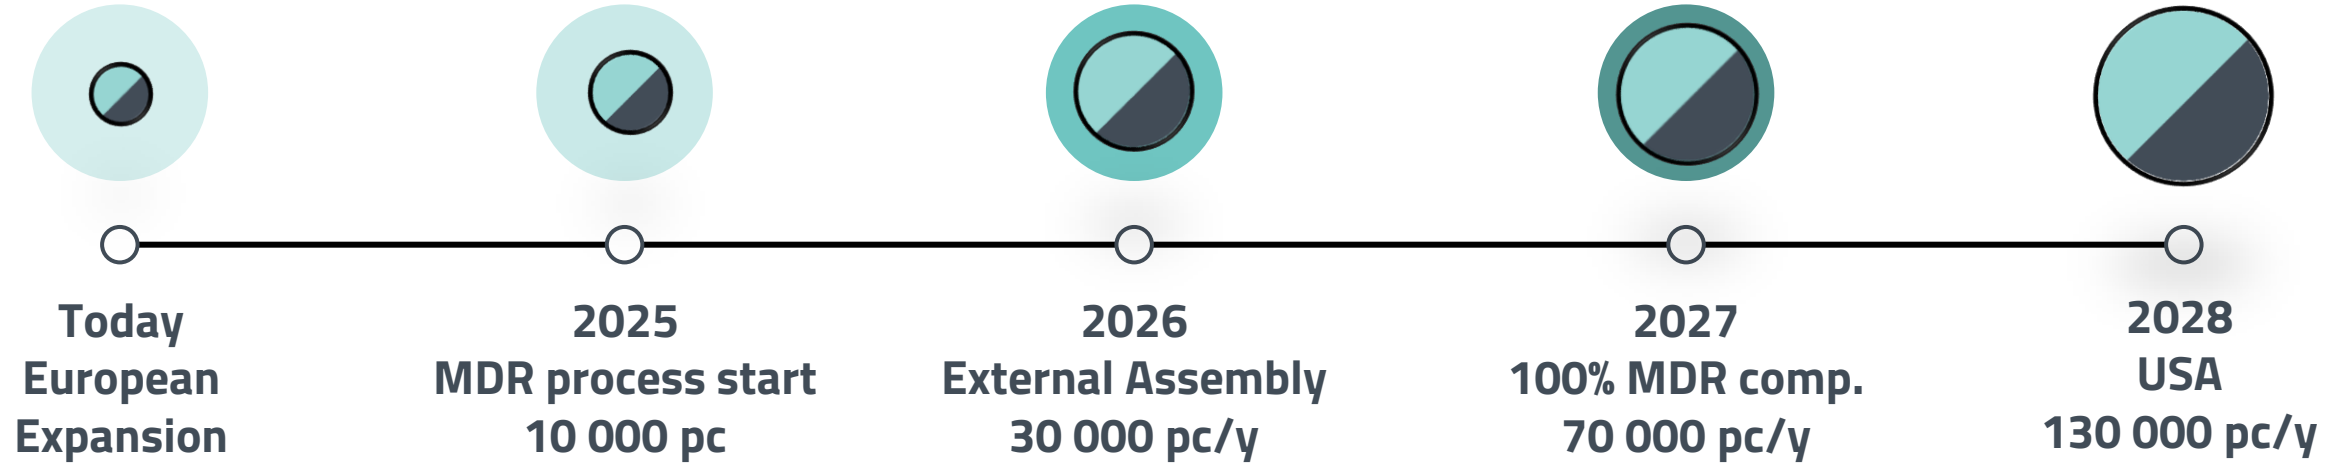

A BIG market potential

Top line revs vs. Manufacturing costs and GM%

Roadmap to Growth

Capital need – 10 MSEK

| Sales | Marketing | Regulatory/ Compliance |

The Team

Operational team

Annika McCrea

Acting CEO / Owner
Capital Raise
Strategy execution

Peter Hagström

CCO
Head of sales / Owner

Bengt Hansson

CPO, Board member / Inventor
Founder / Owner
Medical technology engineer
Region Kronoberg

Lars Gustafson

Head of quality
Medtech Regulatory Expert

Board of Directors

Emma Jones

Chair of the Board / Owner
Advancement Directorat
Stockholm International School

Tobias Andersson

Board member / Owner
Physician, owner of clinic

Bengt Hansson

Board member / Inventor
Founder / Owner
Medical technology engineer
Region Kronoberg

Advisory Board

Kjell Henriksson

Inventor / Founder / Owner
Advisory Board member
Product Development and Design

Emma Gundersen

Adjunct member / owner
Medtech Regulatory Expert
Founder – Medtech Byrån AB

Markus Näversten

Adjunct member
Owner

Johannes Walfridsson

Adjunct member
LEAD Incubator
