Business model – pay for freshness

- The packer is our Customer
- Our Customer pays per ton protected produce
- The machine is the enabler
- Partnerships, innovation, regulation and scaling drives competitive pricing and profitability

Good to go!

- The first industrial machine ready
- Performance validated in the supply chain
- Starting with cucumbers - launching with the leading Swedish retailer and packer
- 3 MEUR in soft funding for expanding platform tech
- Soft +3 MEUR commitment from EIB in next round
- Strong international traction

saluggy

Ready to help the world waste less?

- Immense problem with food waste and plastic use
- A validated solution tackling both – ready to launch!
- Regulatory push and market pull – the time is now
- Unmatched innovation - €20 billion market in EU alone

Scaling from Sweden to Europe. Inviting the right partners to join our journey
